half term

Thurs 5th March - World
Book Day

Thursday 12th March -
KS3 Open Morning

Tuesday 31st March -
Easter Service - KS3 AM

Christmas has arrived!

Christmas has arrived in
Chestnut Class. This half
term the children have
been making products to
sell at the School Christ-
mas Fayre. Their skills

have
ranged
from cutting, pottery pot making, card
creativity and jewellery making. Most of
the children took part in selling on the

Celebrations

We have learnt about different celebrations this term. The
children have learnt about the tradi-
tions of celebrations and their
origins. We have discovered that
many of them have similarities
such as Fireworks and special

food.

English

In English we read a story about Wolf Cubs and rewritten the story in our own words. This inspired us to learn more about wolves and we created Wolf Fact Files. There used to be wolves in England but not at more.

Do you think wolves should be reintroduced into England?

Maths

Amongst lots other mathematical learning we have been focusing on time, ordering the days of the week, naming and ordering the months and seasons and reading the time on analogue clocks.

We have also been thinking about negative numbers and how you have to add on numbers to get into positive numbers. Check your learning by looking at the temperature throughout the Christmas holidays.

Others things!

We have been learning dance in PE, the cha cha slide, dance games and dance choreography. In Science, the focus has been Chemistry, we have learnt about the fire triangle, compounds and mixtures and the Periodic Table. We have done some experiments to help us with our understanding.
