Titanic

The Jumblies

## Music

As this term's topic is travel and transport, we will be listening to and describing Jazz and Blues music on the theme of trains. We will also be working on rhythm.

## RE

We are working on a topic on Life and Death. We will be learning about what Hindus and Christians believe about the soul, and what happens to it when we die.

## Maths

- Measuring – standard, non-standard units
- Secure counting skills
- Partitioning of numbers, place value
- Basic computational skills
- Estimating

## Food Tech

- Simple snacks
- Relishes

## PE

•

## Computer Science

Digital Literacy

Using your Browser.

Searching Online.

## Science

We are learning about magnetism. We are exploring the magnetic field pattern around different combinations of magnets. We will be making an electromagnet and investigating how to change its strength.

## Topic

Pupils explore how transport has evolved since the invention of the wheel by studying significant events and people.

Pupils also improve their understanding of travel by developing their map and directional skills through practical tasks. Pupils have the opportunity to take a steam train

## PSHE/Thrive

- Bacteria, germs, hygiene
- Personal hygiene & cleanliness
- Body awareness
- Friendships

## MFL

•
