## Summer Term 1 2023-24

### Dates for your Diary:

#### Bank Holiday

Monday 6th May

#### Half Term

Monday 27th May -

Friday 31st May

### General Class News:

Olive team hope you have all had a well deserved break and had a lovely Easter together.

We are very excited about what the new term brings and hopefully a date in the diary for our castle trip!!

I have put a link in the useful information section for literacy planet. We have started to use this in school and some of the children have really enjoyed using it. I will send there log ins home with the, via there home school books, if the children decided they would like to do some extra practice at home. If they don't want to, this is also ok.

As always Please feel free to contact Olive team at any point with any questions or concerns you may have.

### Maths

In Maths Olive class with be continuing with Multiplication and division with Miss Kent, on Monday and Wednesdays. On a Tuesday with Mrs Jones they will be having fun and learning all about Money!!

### English

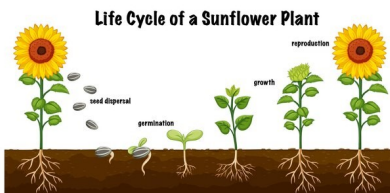

In English this term, Olive class will be exploring the media. We will look at the different form of media, with a main focusing on adverts. We will look at what adverts are for, and see of the children can try and guess what the advert is advertising. The children will also get the opportunity to work in groups and create there own form of media, choosing which they would like to do, ie Newspaper, advert, film etc.

## RSHE

In RSHE we will be looking at healthy diets. We will plan and prepare some healthy meals, to support this. This will then lead on to the benefits of physical exercise and will take part in some fun fitness games.

## Science

In science, Olive will have a busy term looking at plants. This will be learning all about the life cycle of the plant, including looking into the inside of seeds. As well as thinking about what a plant needs in order for it to stay healthy.

## PE

With the summer fast approaching, PE this term will be focusing on athletic events, in preparation for sports day.

## Other subjects:

Olive class will also be continuing to learn all about castles in their topic work. We spent last term learning about the main features of a castle. Which now brings us to learning about how they were built and the knights and people that lived inside them. We will also find out who William the Conqueror was and what part he has to play in our history.

In Music and Drama it is that time of year where we will be starting to think about what we could perform at strandfest based on the 'elements'. We will use our time to come up with some ideas and practice our performance.
