### Upcoming Diary Dates:

World Book Day -  
Thu 7th March

Red Nose Day -  
Fri 15th March

Cromer Pier Show  
Plastic Pirates -  
Wed 20th March

### General Class News:

A massive welcome to our new member of staff in Bay Class. Mrs Wild will be working with us on Mondays, Tuesdays, Thursdays and Fridays.

A massive well done to all the children in Bay Class—they are all becoming so much more independent during Food Tech and are showing great progress with their learning of the basic skills.

### Maths

This half term we have been learning to recognise and order the UK coins in our unit on money. We opened up our own shop 'Miss Davis' Emporium' where we sold toys and took it in turns to be the shopkeeper.

In Maths this half term we are continuing our learning on shape, space and measure. We will be focussing on measuring mass and capacity. We will also be learning about sharing and grouping and relating this to real life problems.

### English

We had a bit of a switch around with our English work this half term and have been learning all about Polar regions. We have done some super writing about the different animals that live in the Arctic and have read some fiction and non-fiction books on the subject.

This half term we will be doing a unit of chocolate and we will be writing instructions on how to make the most perfect chocolate bar.

## RSHE

In PSHE, We will be learning about healthy eating and what our bodies need to stay healthy. We will also be looking at what sugar does to our bodies and keeping our teeth clean and healthy.

In RSE we will be continuing our learning on growing up, including what happens to our bodies and what we can expect to happen in puberty.

## Creativity

In music this half term we have enjoyed completing an AQA in banging tunes and hit music and learning lots of different songs from all different genres.

Next half term we will be continuing with our learning on some AQA awards. We are currently studying towards an AQA in abstract art and an AQA in musical notation.

## PE

Bay will be trying out some new sports including Badminton, Indoor tennis and Balloon Volleyball this half term. The emphasis will be on teamwork and trying to keep a rally going in pairs. Pupils will build on previous learning on movement and following objects.

## Other subjects:

Our topic this half term has been all about Polar Regions—we have explored polar habitats and designed and made our own Arctic habitat, complete with animals. We have learned all about the animals that live there and the weather conditions—we decided that we would not like to live there as it's too cold!

Over the next half term we will be learning all about Chocolate. We will be designing and making our own Easter chocolate bar and packaging. We will be learning what chocolate is made from and no doubt will be tasting lots of different chocolates to get ideas for our own chocolate bars!

## Other useful information

Shopping trips will be continuing on a Tuesday—we will let you know in advance when it's your child's turn to go. We have unfortunately missed a couple of weeks so are playing catch up!
