

MAPLE Newsletter 2024-25

Spring Term 1

Upcoming Diary Dates:

Number Day

7th February

Safer Internet Day

11th February

Cross Country

12th February

HALF TERM WEEK

17th –21st Feb 2025

General Class News:

Maple class had a wonderful end to the term with the Norwich and Cromer carol concerts, pantomime and Christmas Dinner at school.

This term we are looking forward to the weather improving for the school Cross Country competition and our new Outdoor Learning project.

Later in the term will be World Book Day and Red Nose Day, which are always brilliant events.

Maths

Some of the concepts looked at in class this term in mathematics will include length and height, and the beginnings of algebra. As always learning will be individualised to each pupil's specific requirements.

English

In literacy this term the class will be delving into the world of mass media, looking at newspapers, websites, social media, television and the press.

RSHE

The topic of study this term in RSE is "Healthy and Unhealthy", focusing on the choices and activities that can have beneficial or harmful effects on our bodies.

Science

This half term we will be finishing our work on animal classification and habitats. The students will learn how to classify animals into different groups such as reptiles or mammals, and design their own key to help with this. We will then cover the different types of habitat and the sort of animals that will be found there, along with how those animals have adapted to survive.

PE

During this term students will take part in Cross Country lessons and follow a route around the school site.

Other subjects:

Art this term will revolve around the concepts of Dinosaurs and Fossils, with activities focusing on making 3D things with a variety of different media.

During the first half term the class will be cooking with chicken and other poultry, focusing on safe preparation and use.

Useful information

PE lessons are on Wednesdays and Fridays, please remind your young person to make sure they have their kit with them.

Food Technology lessons are on Thursdays—if they would like to take any completed cooking home can they please bring in a suitable container.
